**RE: LATEST SURVEY RESULTS IN IOWA'S THIRD CONGRESSIONAL DISTRICT**

**DATE: SEPTEMBER 24, 2016**

---

The Tarrance Group is pleased to present the following findings from our most recent survey of voters in Iowa's Third Congressional District. The Tarrance Group was commissioned by the David Young for U.S. Congress campaign and the National Republican Congressional Committee to conduct a telephone survey of N=400 voters in the district. The margin of error for a random sample of this type is  $\pm 4.9\%$  in 95 out of 100 cases. Thirty-two percent (32%) of the interviews were completed among cell phones. All interviews were conducted with a live caller originating inside the country. Responses to the survey were gathered September 20-22, 2016.

In our latest survey, incumbent Republican Congressman David Young enjoys a 15-point lead on the ballot against challenger Jim Mowrer. Most importantly, this substantial lead exists among those who are likely to vote. With fewer than 50 days to go in the election, Young appears likely to be re-elected.
